

## Danish Ministry of Education Scholarship Scheme for highly qualified non-EU students

The scholarship will be available to a limited number of applicants.

Size of the grant: 4,100 EUR per year (50 % of the tuition fee for 2010/11)

Period of the grant: 1 year  
Beneficiaries must reapply to get an extension of their grant for the second year of study. The extension will only be granted if the student achieves satisfactory results during the first year.

Application deadline: 1 May

Publication of results: 1 June

Present 1<sup>st</sup>-year students: Max one scholarship per international programme may be granted to a qualified applicant to cover half the tuition fee of the second year.

Requirements: Applicants must

- be a citizen of a country outside the European Union (EU) and the European Economic Area (EEA)
- not have permanent residence in an EU or EEA country
- not be studying in Denmark through an exchange program or any other study agreement which is waiving the tuition fee
- have shown good academic results from former studies or passed exams
- have passed an English language test, IELTS with a score of min. 6.0 or other recognized tests with a corresponding score

Dania is appointed by the Ministry of Education to find the most qualified students among its applicants. We will therefore base our selection mainly on your academic record, although other factors such as relevant work experience may also be considered.

To be considered for the scholarship applicants must:

- have received a conditional or unconditional letter of admission from our admissions office
- write a separate application/motivation letter explaining the background for the scholarship application (download the form [here](#))

The application/motivation must be sent to:

If you have applied for a programme in **Randers**:  
Dania Danish Academy of Business and Technology  
Att.: Flemming Andersen  
Minervavej 63  
DK-8960 Randers SØ  
Denmark
